MIMO.org, Vienna(Online)

NIELIT 'O' Level – **Expected - 2027**
Swift Academy, Deoband, Uttar Pradesh

Certifications

- Course of Computer Concepts (CCC) – NIELIT
- MERN-Stack Development – Mindluster & Codehelp
- Python Development – MIMO.org
- Artificial Intelligence – Be10x & Freedom with AI
- Ethical Hacking – Mind Luster
- Power BI Certification – OfficeMaster

Projects

Resume Builder Application

- Developed a resume builder enabling users to create, customize, and download professional resume.
- Implemented dynamic form handling, real-time preview, and responsive user interface.
- Built using React.js, Node.js, Express.js, and PostgreSQL to build responsive and scalable solution.

E-Commerce Website

- Developed a full-stack e-commerce platform featuring product listings, search functionality, shopping cart.
- Integrated REST APIs and database management for efficient product and order handling.
- Built using React.js, Node.js, Express.js, and MongoDB.

Ad-Revenue Reward Platform

- Developed a platform where users earn rewards by watching advertisements and engaging with sponsor ad.
- Implemented user authentication, reward tracking, account management, and ad inventory management.
- Designed a scalable backend for handling user activity and reward distribution.

Property Rental & Real Estate Platform

- Built a property listing platform for renting and buying flats, PGs, houses, and commercial properties.
- Implemented advanced search filters, property management features, and location-based listings.
- Developed using the MERN Stack with database-driven property and user management.
